Senior Class Trip

To Work

In the early 1800's many people in rural New England towns lived and worked on farms. "To Work" is about the children in these farm families. Many of the words spoken by the actors came from real diaries written by young farm workers in the first part of the nineteenth century. Other resources such as songs, letters, games, and stories reflect these youngsters' feelings about their farms, their schools, their parents and teachers, and their involvement in the world of work.

"To Work" was sponsored by Old Sturbridge Village and Worcester Children's Theater, and was directed by Margaret Piatt and produced by Douglas Ingalls. The cast consisted of the following Marianhill students: Brian Anders, Debbie Bernardone, Linda Bernardone, Edward Kelly, Cammy Moriarty, Kevin Peck, Sean Reynolds, and Guida Simonelli

Graduation Day

By: Jimmy O'Brien

It's hard to see the end
To realize that it's all over
We've had fun all along
We've done right and we've done wrong
But now the time has come for us to grow
Before we leave this school we'd like you to know
It's hard to go

As we leave our friends behind
We'll remember all the time
Some of us will surely change
And some of us will stay the same
In the times we've been together
We've seen the sun and stormy weather
We've always been together

And in the years we've known each other
We've shared our dreams and thoughts together
we've grown both body and mind
Learning all of the time
We couldn't wait for Graduation Day
We could kiss our childhood away
It seemed so far away
But time surely did fly
It's time for us to say goodbye
What we really want to say
Is thanks for helping us on our way
To Graduation Day
